

TAFT IS WHISKED BACK TO BOYLAND

President as Happy as a Youngster on Visit to New York Zoo.

New York, May 23.—President Taft was whisked back into Boyland today. He motored out to the Bronx Zoo, inspected more than half the animals, shook hands with the monkeys, fed the elephants and the two-horned rhinoceros and watched the keepers feed the biggest python in captivity. He was happy as a youngster, and his interest never flagged until the last cage had been inspected.

John L. Cadwalader, attorney for the Bronx Zoological Society, suggested to-day's trip, and the President at once accepted the invitation. Senator Bacon, of Georgia, Major Butt, Henry W. Taft, Attorney-General Wickersham and John Hays Hammond made up the party. They went first to the administration building, where the President gazed long at the head of a white rhinoceros that Colonel Roosevelt shot in Africa. The President smiled broadly when told that two monster elephants' tusks on the wall were smuggled into the country.

Next the President went to the monkey house. He was especially interested in "Baldy," a monkey of particular note. After the President had watched the antics for several minutes, the keeper opened the door, and Suley and Baldy were presented in due fashion to President William H. Taft.

"Hello, Baldy," said the President, as the monkey reached out his hairy paw. "I'm glad to meet you." Baldy acknowledged the honor of being the first monkey to meet a President by a respectful nod of his head.

After the monkey had been presented to the President, the President wanted to see the lioness that "Buffalo" Jones was in Africa. The President knows "Buffalo," but thought more highly than ever of his prowess after a keeper had jabbed the lioness with a stick and he heard her roar.

It was with the elephantia, however, that the President felt really at home. Keeper Palmer brought a bag of sugar, and the President stood close up to the cage and allowed the elephants to eat out of his hand.

Then the President was taken to see the reptiles. Here Keeper Snyder showed him that python that eats a whole pig at one bite.

He stirred up the rattlesnakes until they hissed in anger, and threw two white mice into the mongrel cage to show how that animal kills its prey.

"I'd like to spend a whole day here," said the President, as he stepped into his automobile. "I'd like to see every animal in the park."

From the Zoo the President was driven back to the home of Mr. Cadwalader, where to-night he was the guest of honor at an informal dinner. Among the other guests were Henry W. Taft, Attorney-General Wickersham, Secretary Hilges, Major Butt and Mr. and Mrs. Andrew Carnegie. The presidential party left New York at midnight for Washington.

MONKEY, GOING MAD, BITES SIX PERSONS

Neighborhood Pet Believed to Have Been Bitten by a Rabid Dog.

Yonkers, N. Y., May 23.—Rushing wildly among children with whom he had long been a pet, a little monkey bit six persons last Friday. The animal is believed to have been tainted with hydrophobia from the bite of a rabid dog killed in the same neighborhood two weeks ago.

Two of the monkey's victims have been sent to the Pasteur Institute in New York. Two of them have not been found, although the local Health Department is searching for them.

Concocted by Parents.

It is feared that their identity is being concealed by their parents, who are of foreign birth and do not understand the object of the quest for the little ones.

The monkey was gentle and friendly. When he seemed restless and out of sorts last Friday afternoon Mrs. Subynsky took him to her home.

He turned on her savagely, sprang from her arms and sunk his teeth in her cheek. The monkey leaped to a window, raced down the side of the house and made for a group of children.

Killed Frenzied Animal.

While the youngsters were in a panic of pain and fright Henry Brandt, an attendant at the City Hospital, jumped from his wagon, drove the monkey from the children and when the animal tried to attack him the driver killed him.

When Health Officer Coons was informed he made a personal investigation and caused the Subynsky and Madens children to be sent to the Pasteur Institute. Mrs. Subynsky declined to go there, and the parents of the Kern boy have not given their consent to his removal.

HOW TO SUCCEED

During the last few years conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it, free of cost, before purchasing.

It is a physician's prescription. They have on file thousands of letters received from former sufferers who are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. They will gladly forward you a sample bottle by mail, absolutely free.

test on "What It Costs the City of Baltimore Morally, Physically, Mentally, Financially after Industrialization to Secure the Million Dollars a Year Which the City Now Receives from the Liquor Traffic Under the High License Law."

Dr. Straton quoted figures in detail to support his argument that it cost the people of the city \$50,000,000 in saloon expenditure, decreased efficiency of labor, etc., to collect the million dollars of revenue derived from the excise tax.

LEGISLATOR ON TRIAL FOR SOLICITING BRIBE

Representative in Ohio Assembly Accused—Offer to Answer

Columbus, O., May 23.—Representative George B. Nye, of Pike county, who is a physician at Waynesburg, was on trial to-day before Judge Kinkead on the charge of soliciting a bribe of \$500 from State Printer Edward A. Crawford to vote for the Kimball bill, which reappointed common pleas judicial districts.

The bill was aimed at Judge A. Z. Blair, of Scioto county, who was charged with exposing the wholesale frauds and vote-buying in Adams and Scioto counties.

Nye is under indictment for the charge of soliciting bribes, and is the first of the "dozen" or more members of the Ohio Legislature to be placed on trial.

The case will be bitterly fought, and it is expected that it will be completed by the end of the week. Attorney-General Hogan is assisting Prosecuting Attorney Turner in the case.

Eighteen trials of Sergeant-at-Arms Rodney Diegel and Senator Andrews have been set for Thursday, and of Representative Evans for Friday. Over forty witnesses have been summoned in the case, including Judge Blair and Detective Harrison. It is expected that the jury will be selected to-day.

IN CONTROL OF INDUSTRY

Charges by John Norris Against International Paper Company.

Washington, May 23.—Charges that the American newspaper publishers are compelled to pay higher prices than necessary for their news print paper, because the International Paper Company is in practical control of the industry in this country, were made to-day at the annual meeting of the American Newspaper Publishers' Association.

The papermakers, Mr. Norris declared, have made obvious efforts to restrict production and to control the paper market, in order to maintain prices at an agreed figure, have sold paper abroad at a lower price than in this country, and have arranged themselves against open prices and against public sale. In an effort to prevent such secret dealing, Mr. Norris said that he had made offers to buy paper and to pay cash for it, but this country has refused to sell.

The reason for this refusal, he claimed, was that the papermakers did not want a public sale of their paper, as he would have sold the paper at a auction, thus making the prices public.

a relief, after the months of mental torture he had endured.

The crime for which Heldmann forfeited his life occurred in Asbury Park, and was one of the most revolting nature. He met the little girl as she was coming from school and lured into a wood, and then proceeded to attack her. Heldmann killed the child with an axe and hid her body in some underbrush. He was subsequently captured by a detective, who posed as a fellow-murderer, and was convicted after a very brief trial. He made a confession to-day admitting the crime.

News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1020 Hall Street, Phone Madison 115.

The District Conference of the Woman's Foreign Missionary Society of the Methodist Church, to be held to-morrow in the Central Methodist Church, will bring together a number of speakers and an interesting program.

The South Richmond Methodist Church is very much pleased over the holding of the conference in the Southside, and plan to entertain the delegates lavishly.

There will be two sessions and a special sermon at night. The morning session will begin at 9:30 o'clock and the afternoon session at an hour to be announced later. The Rev. Henry C. Pfeiffer, pastor of the Central Methodist Church, will deliver the special sermon to the body at 8 o'clock to-morrow night. Mrs. W. B. Newell, district secretary, will preside over the deliberations of the conference.

The meeting will be the lunch to be served by the women of the Central Church at noon.

Among the prominent speakers to address the conference will be Mrs. W. B. Southall, of Norfolk, president of the Woman's Foreign Missionary Society of Virginia; Mrs. Lee Britt, of Suffolk, the only woman member of the Missionary Council of Bishops; and Miss Blanks, of Petersburg, superintendent of the Virginia People's Work.

Methodists of South Richmond and others interested in the foreign missionary movement are cordially invited to attend the sessions of the conference.

After Joy Riders.

The war of the Chesterfield county officers against the joy riders and speeders who have been driven to the south side of the river for their dangerous sport on account of the activity of the north side police, has assumed real proportions and promises to become remunerative to the county unless the speeders take warning.

County Officer Jarrell's patrol of the Petersburg Pike Sunday afternoon netted the downfall of four drivers who carried excess speed along the inviting reaches of the Interurban pike. The officer failed to flag the speeders, but he caught their numbers, and "Squire Cheatham filled out the warrants yesterday. The offenders will have a hearing on Friday morning in the Oak Grove Court.

Others Rounded Up.

During his Sunday operations Officer Jarrell also rounded up Louis Pitter, a confectioner and soft drink dispenser at Swansboro, on the charge of doing business on the Sabbath. This is punishable by heavy fine in Chesterfield. Pitter will appear before Magistrate Cheatham Friday morning.

A warrant was issued yesterday by Magistrate Cheatham for the arrest of Preston Wells, charged with cracking a beer bottle over the cranium of William Brown last Sunday. He will have a chance to explain in the Oak Grove Court Friday.

It is the Big Event.

If the plans of the Rev. J. T. Haley do not fail the corner-stone laying of the new Stockton Street Baptist Church will be unusually impressive and elaborate. While the arrangements for the ceremony have not been perfected, it is expected that announcement will be made the early part of next week.

The contractor has promised Mr. Haley that the corner-stone will be ready to be laid in place by June 1, and this day has been settled upon as the date for the exercises. On account of the heat the exercises will commence at 5:30. The program will include several speeches, Masonic ceremony and some music.

In order that the corner-stone laying might be doubly impressive Mr. Haley did not have any exercises to mark the breaking of ground on the new edifice.

Citizens Complain.

Unless more notice of the grand jury's report, ordering the Street Cleaning Department and the Health Department to quit dumping refuse at Eleventh and Stockton Streets is taken than has been given that document up to this time the residents in the vicinity of the dump will carry the matter into court and take civil action.

Instead of heeding the report of the grand jury the Street Department has

SPEECH AT SALUDA MADE BY GLASS

Large Crowd Hears Senatorial Candidate—Along Usual Lines.

[Special to The Times-Dispatch.] Saluda, Va., May 23.—Carter Glass spoke here to-day before the voters of this county in his interest as candidate for the United States Senate. The large courthouse was filled to its capacity.

Mr. Glass was introduced by Chairman W. H. Hyland. He held the attention of his hearers for nearly three hours. His address was along the lines of his previous utterances in the present campaign.

JONES AT LOVINGSTON.

Criticizes County Paper for Recent Adverse Editorial.

[Special to The Times-Dispatch.] Lovingston, Va., May 23.—Congressman William A. Jones, candidate for the United States Senate, in opposition to Senator Martin, addressed a large crowd of voters here yesterday. He was introduced by Major Walter M. Jones.

Mr. Jones declared that he had announced his candidacy only after being urged by more than 5,000 voters living in various parts of the State, and that he was making the race because he believes great principles are involved, and not merely to gratify personal ambition.

The feature of his address was the scoring he administered to The Nelson County Times, a local newspaper, published by W. Scott Heath. Mr. Jones criticized The Times for having recently published an editorial in which it was stated that Mr. Jones had neglected his public and official duties by running over the country speaking in behalf of his candidacy.

Mr. Jones said that he had corrected this mistake by publishing a fact that Mr. Jones had not missed a single recorded vote during the extra session of Congress, while Senator Martin missed four last week. He characterized The Times as a machine paper, and added that the editorial, which called forth his remarks was commenting on a clipping from a Norfolk paper, which paper is owned and operated by the Norfolk and Western Railway.

Mr. Jones said that he was a Republican, and that he was sorry to see The Nelson County Times had lined up with a paper controlled by a national Republican committee.
